NPO Kokoro Talk Music is pleased to announce the launch of its **Music Therapy Partner Project**: a service providing music therapy sessions in our supporting member hospitals, rehabilitation and welfare centres! This project is aimed at providing an introduction to music therapy to those who wish to try this type of healing.

Music therapy is now being incorporated more and more into caregiving and rehabilitation programs. Therefore, we feel it is important to support and provide music therapists who can customize their practice to best suit the client and their facilities' needs. Drawing on our know-how and wealth of experience, we would like to offer our assistance in the process of appointing a music therapist in your facility; from the initial search through to the interview. We can discuss various concerns you may have such as how to manage a therapist who is not yet qualified, how best to meet and receive a music therapist and what kind of music therapist you would like to work in your facility. Through this project, we aim to improve the quality of life of all those connected to the client.

NPO Kokoro Talk Music currently provides music therapy sessions at 5 different facilities within Tokyo. With the kind cooperation of these facilities, we are able to offer the opportunity for interested parties to observe these sessions. Please contact us at any time to arrange an observation.

Music Therapy Partner Project for supporting members of this NPO

Yearly membership fee: from 5000 yen (we kindly ask that you co-operate with us for more than one appointment)

Individual membership fee: from 30,000 yen (we would require one supervisor to be in charge)

NPO Kokoro Talk Music is pleased to announce the launch of its **Music Therapy Welfare Program** for supporting members: a program for general organizations who feel a music therapy based welfare program would be useful to them.

Music Therapy Welfare Program for supporting members of this NPO
